

FAIRCHILD METRO

PRODUCT BULLETIN

Attention Metro Operators!

**Safran Power
23079-Series**

Take advantage of NAASCO's advanced ETR-20™ upgrades for the 300-ampere Skurka (APC) or Safran Power (Lucas) starter generators fitted to your aircraft.

Since 1984, NAASCO has provided cost-saving repair and overhaul solutions for troublesome or otherwise costly components. We are confident that our ETR-20™ upgrades will further enhance your generator's reliability and performance while substantially reducing your maintenance costs. All items overhauled with our advanced ETR-20™ upgrades are backed by NAASCO'S unprecedented **1,000-hour** starter generator brush life guarantee.

At NAASCO, we strive to maintain the highest levels of reliability and dependability to give our customers the competitive edge.

Our ETR-20™ improvements extend the life of your components by:

- eliminating carbon contamination,
- drastically reducing commutator wear,
- increasing starter generator reliability

**Skurka (APC)
300SG-Series**
