

FAIRCHILD METRO PRODUCT BULLETIN

ATTENTION METRO OPERATORS!

Skurka (APC)
300SG-Series

Safran Power
23079-Series

Take advantage of NAASCO's advanced ETR-20™ upgrades for the 300-ampere Skurka (APC) or Safran Power (Lucas) starter generators fitted to your aircraft.

Since 1984, NAASCO has provided cost-saving repair and overhaul solutions for troublesome or otherwise costly components. We are confident that our ETR-20™ upgrades will further enhance your generator's reliability and performance while substantially reducing your maintenance costs. All items overhauled with our ETR-20™ upgrades are backed by NAASCO's unprecedented 1,000-hour starter generator brush life guarantee.

At NAASCO, we strive to maintain the highest levels of reliability and dependability to give our customers the competitive edge.

ETR-20™ upgrades extend the life of your components by:

- Eliminating carbon contamination
- Drastically reducing commutator wear
- Increasing starter generator reliability
